MEMORANDUM FOR COMMUNITY RESIDENTS

SUBJECT: Air Conditioning Policy – DOs and DON'Ts

1. In anticipation of the hot summer months ahead of us, I am writing to remind the family housing residents living in our USAG Mannheim Community that only certain types of air conditioners are allowed to be installed.
2. If you plan on installing an air conditioning unit in your home, please take time to read the following briefing. My intent is to provide you clear guidance and give you step by step instructions on how to properly and safely install an air conditioning unit in your home
3. Should you have further questions, my point of contact is Mr. David Buffum, Facility Engineer, DSN 381-8148.
